Entry & Brand Building in the Middle East &
North America*

مكتب إشنونة العلمي
ESHNUNNA SCIENTIFIC
DRUGS BUREAU

About Us: A Global-Local Partnership :

We are a unique, integrated healthcare partnership designed to build and scale innovative brands across key global markets. Our structure consists of two synergistic entities:

- **VitaBridge LLC (USA):** Our US-based international business development, brand management, and contracting arm. VitaBridge provides our partners with the security of an American company and serves as our launchpad for the North American e-commerce market.
- **Eshnunna Scientific Bureau (Iraq):** Our on-the-ground operational engine for the Middle East. As a fully licensed scientific bureau led by a pharmacist with 22 years of experience, Eshnunna possesses the power to manage local registration, build powerful marketing campaigns, and ensure deep distribution across all 18 Iraqi governorates.

Our integrated model offers partners a single, reliable point of contact to enter one of the fastest-growing consumer markets in the Middle East. **We don't just distribute products; we build iconic brands.**

Founder's Profile:

A Visionary Brand Builder

Our group is led by its founder, Mr. Nabeel Alinizi, a licensed pharmacist with a distinguished 22-year career. His expertise is not just in pharmaceuticals, but in the art and science of launching and scaling international brands in the complex Iraqi market. His hands-on experience in taking global brands (like Wockhardt UK, Kleva Greece, Unimed pharma Slovakia and Ilko Turkey) and turning them into local success stories provides our partners with an unparalleled guarantee of strategic and operational excellence.

Why We Are Your Ideal Partner for the Cosmetics Sector:

- **Access to Premium Channels:** Our network includes high-end pharmacies and clinics, which are the perfect channels to launch a premium, organic cosmetics brand, building immediate trust and credibility.
- **Deep Consumer Insight:** We understand the Iraqi consumer's growing demand for authentic, high-quality, and organic products. We know how to tell your story in a way that resonates.
- **Digital-First Marketing:** We have a ready-to-execute digital marketing strategy focused on Instagram, TikTok, and influencer collaborations to build rapid brand awareness and drive sales from day one.

Vision and Mission:

- **Vision:** To be the most trusted and effective strategic partner for innovative healthcare brands seeking to dominate their categories in both the Middle East and North American markets
- **Mission:** To deliver high-quality healthcare solutions to consumers globally by combining international brand-building expertise with deep, local operational power

Core Services (Our Integrated Capabilities):

- **International Contracting & Partnership Management (via VitaBridge LLC)**
- **North American E-commerce Launch & Scaling (via VitaBridge LLC):** Full-service management for brand launch on the Amazon USA platform, including regulatory navigation, marketing, and logistics
- **Regulatory Affairs & Product Registration with the Iraqi Ministry of Health**
- **Strategic Brand Building & Lifecycle Management**
- **Nationwide Marketing & Sales Operations**
- **Importation, Logistics, and Supply Chain Management**
- **Public Sector & Government Tender Management**

Market Presence:

We operate in all 18 Iraqi governorates through a wide network including private pharmacies, clinics, hospitals, laboratories, and government health institutions.

Organizational System:

We follow a systemized approach to business operations. Every position is designed with clear responsibilities, processes, and KPIs. Our system ensures quality, consistency, and scalability.

Departments:

- Executive Management
- Regulatory Affairs
- Marketing and Sales
- Finance Department
- Legal Department
- Human Resources
- Logistics and Supply Chain

مكتب إشنونة العلمي
